

CLAVEY Paddlesports

COVID-19 Safety Standards For Tours & Classes

With COVID-19 safety standards in mind, we've made a variety of modifications to our operating plans which will be adhered to if you book a class or tour, or if you've already made a reservation. They are as follows:

- **Masks** - All staff and customers are required to bring and wear appropriate face masks that covers both their nose and mouth while interacting with each other. You will not need to wear the mask while you are paddling.
- Handwashing or hand sanitizer stations will be available for staff and customers.
- Everyone must strictly practice social distancing and remain 6 feet apart.
- Guides/Instructors will have readily available hand sanitizer, cleaning products and spare face masks during every class and tour.
- **Gear** issued to a class/tour customer will only be used by that customer, and will not be shared during a class or tour.
- Customers will provide their own water bottles, sunscreen, insect repellent, personal food etc.
- Customers will not be allowed to participate if they exhibit any symptoms associated with the COVID-19 Virus: (mild to severe respiratory illness with fever, cough and difficulty breathing, or other symptoms identified by the CDC); or have been in contact with someone with COVID-19 in the last 14 days.
